Service through Sewing

The Sewing & Stitchery Expo is excited to once again partner with *Project Linus* for a fun opportunity to serve our community.

Named after the security blanket-toting character from the Peanuts® comic strip, *Project Linus* is a non-profit providing blankets to children in need—providing a sense of security, warmth, and comfort during some of their most difficult times. There are two ways to participate:

At Home. Bring your new, handmade blanket that is quilted, tied, crocheted or knitted to Expo. There is no pattern requirement, but blankets should be between 36"×36" and 66"×90". Pattern ideas at www.projectlinus.org.

At Expo. Create a handmade blanket at Expo. Throughout the show, visit the *Project Linus* area to demo a BERNINA serger and create your own one-of-a-kind blanket for children in need.

Since 1995, *Project Linus* has grown to more than 300 chapters across the United States and donated more than 9 million blankets. The Pierce County chapter was formed in July 2021 and has delivered more than 3,000 new, handmade blankets—which means 3,000 kids have received a blanket hug when they needed it most. You can help us to continue this effort and provide comfort to children in need.

1001 I Bought A Longarm... So Now What?

Starlit Bear

THU, 2/27, 10:00 - 10:45 AM (\$17)
SHOWPLEX B

This class will give an overview of what you can expect with your longarm. Starlit Bear will share tips and advice from 15 years of experience running a longarm quilting business. Both freehand and computerized users are welcome.

1002 Sewing Machines, Needles and Threads: What You Need to Know

Steve Butler

FRI, 2/28, 1:00 - 1:45 PM (\$17)
SHOWPLEX B

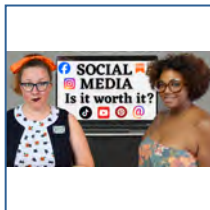

Whether you have a brand new or a well-loved sewing machine, there are needles and threads for every conceivable application for your machine. How do you make them all work together? And what can you do if they don't? Steve will cover how threads are made and how each thread characteristic affects your every stitch. He will demystify selecting the correct needle type and size for the thread you have selected to use for your project. When both thread and needles work together, your sewing machine will sing and function at peak performance. Bring your questions for Steve to answer.

1003 Social Media and Sewing: Is it Really Worth it?

Stephanie Canada

SAT, 3/1, 2:00 - 2:45 PM (\$17)
SHOWPLEX B

Social media originally seemed like a fad that was only for the younger generation. Nowadays, it has morphed in to being the main way we communicate. Facebook, Instagram, YouTube, TikTok, Substack, Pinterest... all of these platforms with different uses and audiences. Is it really worth it to start a sewing related account on these platforms with all these other creators that are already established? That is what we will be discussing and answering any questions you may have about starting or growing your social media presence.

Beginner. *No prior knowledge or skills required.*

1004 Demystifying Vintage Sewing Patterns

Stephanie Canada

SAT, 3/1, 10:00 - 10:45 AM (\$17)
SHOWPLEX B

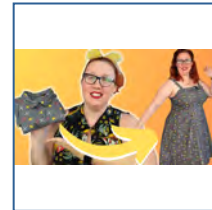

I regularly use patterns that are 60 to 90 years old! Why would you use these? Where do you find them? Aren't you afraid of damaging them? What does factory folded even mean? I will answer all of these questions and more, as well as give you the chance to get hands on with patterns you may have never seen.

1005 "Re-Thrift-osing": Taking Thrift Store Finds and Giving Them New Life

Stephanie Canada

THU, 2/27, 12:00 - 12:45 PM (\$17)
SHOWPLEX B

Let's take that thrifted find and figure out ways to make something new with a twist! Instead of your usual size, find something larger and cut it smaller. Find a bed sheet or a curtain and use it like standard yardage. Let's stretch our creativity! What can you do with an XS 100% silk blouse to make it work for a size XL or bigger? And how can you change that sleeveless linen shirt that doesn't hang quite right to make it work for you? Let's brainstorm new and creative ways of repurposing thrifted finds together! Re-thrift-osing!

1008 Everything You Wanted to Know About Japanese Textiles But Were Too Shy to Ask!

Roland Crawford

SAT, 3/1, 1:00 - 1:45 PM (\$17)
SUN, 3/2, 11:00 - 11:45 AM (\$17)
SHOWPLEX B

Roland Crawford has been answering questions about Japanese textiles daily for 25 years while representing these crafts as art. Please bring your questions, no matter how simple or complex, written on notepaper or to verbally share in this class. Crawford will draw written questions from a drop box, or hear them spoken and then answer in a rapid-fire, no-nonsense, revealing and honest fashion. Crawford has been teaching since 1969 and is known for his clear speech, empathetic delivery and his inspired, creative story telling 'on the fly.' Sample questions may be: what is shibori and how to identify it, how do I start my own business, how to tell silk from rayon, what does a dragon image mean, how & where can I buy these textiles, why can silks be inexpensive. Attendees are encouraged to bring fabrics they have for identification and/or assessment explanations.

Student Supplies. Please bring your 'too shy' questions written on small papers to drop in a box when entering class, any curious textiles you have for identification and evaluation, if desired; and paper & pencil for note taking because not all class info, tips, tricks and jokes will be on the handout.

1013 Make a Leather Card Holder with Rivets

Ellie Lum

THU, 2/27, 4:00 - 4:45 PM (\$17)
SHOWPLEX E

Make your own leather card holder with rivets! This minimalist design is low on fuss and high on function. It features vegetable-tanned leather, brass rivets, and two slots for stashing cards and cash. All you need is a metal dot anvil, a hammer, and a hard surface to set the hardware. Veg-tanned leather has natural inconsistencies that add to its character. It will darken in color and develop a beautiful, worn-in patina with time.

\$39 kit fee. (1) Pre-cut, hole-punched leather piece; (4) Metal double-cap rivets; (1) Metal Dot Anvil

1017 Pattern Alteration: Looking at the Whole Picture

Lorraine Henry

SUN, 3/2, 1:00 - 1:45 PM (\$17)
SHOWPLEX E

Often when we begin a pattern alteration process, we just focus on the biggest change first. STOP! Look at the “whole picture” of the body area we are fitting and check to see if there are multiple alterations that might be needed. We may be able to combine some alterations and perhaps even eliminate some. Learn the order of checking measurements and how measurements relate to one another. For example: A figure with downward angled shoulders is usually called sloped shouldered. BUT what if it is a high neck base that creates the look. Measurements are totally different—needing completely different alterations. This class will give a new awareness in looking at our body differences.

Beginner. No prior knowledge or skills required.

1018 The Art of the Dart

Lorraine Henry

FRI, 2/28, 4:00 - 4:45 PM (\$17)
SHOWPLEX B

Becoming a “Queen of Darts” is most desirable! They improve the fit of EVERYTHING! Learn about three different shapes of darts and what body parts need these different shapes. Get some tips on sewing them correctly to eliminate those little “dimples” at the end of the dart. AND get some fabulous ideas on using darts as fashion accents as well as being a fitting tool with a short slide show. This is a dart class like no other.

Beginner. No prior knowledge or skills required.

1019 Getting Rid of the Gaps

Lorraine Henry

SAT, 3/1, 4:00 - 4:45 PM (\$17)
SHOWPLEX B

Vests are in—gapping armholes are out! Correcting the fit in the arm and bust area is a quick way to visually lose weight. Learn how to eliminate the gaps and fit any size bust whether it be larger or smaller than the standard B by creating a dart or transferring one to a different position. Both pattern alteration solutions and ready-to-wear alterations will be shown. A garment that fits smoothly without wrinkles, gaps or pulls is an instant visually slimming effect on a body.

2001 Cutting & Pinning for Fabrication Upcycling

Genevieve Belmaker

THU, 2/27, 11:00 AM - 12:30 PM (\$32)
PAVILION X

Making your own fabric—or fabrication—can be an exercise in artistic discovery that leads to a beautiful, unique design for a blanket, pet bed, chair cover or pillow cover. It can also be a way to stretch a smaller piece of pricey fabric by cutting and integrating it with upcycled material like jean denim or scraps and strips from your own collection. In this class, we will explore what goes into design and material choices for fabrication upcycling. Every student will leave the class with the start of a project with a pattern designed, cut and pinned by them.

\$10 kit fee. Fabric

Student Supplies. Scissors, pins

Beginner. No prior knowledge or skills required.

3001 Canadian Smocking

Brittan Cummings

SAT, 3/1, 2:00 - 4:30 PM (\$62)
SHOWPLEX F

Canadian Smocking is a fabric manipulation technique that makes flat 2-dimensional fabric become 3-dimensional, adding texture and volume to any sewing project. It has uses in garment sewing, costuming, cos-play, handbags and home decor. In Canadian Smocking a grid is marked on the wrong side of the fabric and a pattern of slashes, straight lines, or a combination of the two is drawn on the grid. The sewist then draws the corners or sides of the grid squares together and secures them before moving to the next square. The fantastic result of the pattern can only be seen on the right side of the fabric. Students will smock the flower pattern during class.

\$30 kit fee. 1'x14" acrylic ruler, 2 hand needles, thread, ¾yd fabric, Frixion marking pen, and pattern.

Beginner. No prior knowledge or skills required.

4004 Introduction to French Sewing Techniques

Kandi Christian

WED, 2/26, 1:00 - 5:00 PM (\$92)
BERNINA - BEGINNER

French hand sewing incorporates fine fabrics, embroidered insertion lace, entredeux, and tucked panels when creating delicate garments and other items. In addition, you'll also learn the delightful art of fil tiré. French sewing is also the art of manipulating fabric and often involves making strips that are all sewn together using a special technique to make a single piece of fabric. Traditionally this was done by hand and took hours or even days to complete a garment. In class you'll use a sewing machine to create the same techniques in a fraction of the time.

\$25 kit fee. 100% Linen fabric, 100% cotton batiste fabric, 100% cotton French lace, 100% cotton Entredeux, wash-away stabilizer, specialty needles, sewing thread and workbook with complete instructions.

Student Supplies. Basic Sewing Supplies (see below)

Intermediate. *Learner has seen others practice this skill or practiced this skill with guidance.*

4005 Drawn-Thread Work

Kandi Christian

WED, 2/26, 8:00 AM - 12:00 PM (\$92)
BERNINA

When you admire beautifully hemmed garments, towels, etc do you wish you could get the same result? Now you can, and on your sewing machine. You'll start with basic hemstitching by making a simple hemstitch the "novice" way and then making another sample in a professional way and comparing the results. Next, you'll experiment and learn as you make samples using various widths of drawn thread with different built-in stitches on your sewing machine (three are shown here). Learn first-hand why some methods work better than others. Once the samples are finished, you'll put what you've learned into practice by making a beautiful linen drawn thread tea towel using whichever of the drawn thread techniques you practiced in class that you liked the most.

\$25 kit fee. 100% linen fabric for practice and for the finished tea towel (serged on all sides), specialty needles, stabilizers, and instruction booklet.

4010 Pattern Alteration Boot Camp

Lorraine Henry

FRI, 2/28, 8:00 AM - 12:00 PM (\$92)
PAVILION Z

In a perfect world, all figures would be alike—in perfect form. In the real world, we come in all shapes and sizes. Learn what comes first in selecting the right size, what measurements you need, measurement analysis to determine where and what to change for a “combo pack” figure and much more. Then using half scale practice patterns we will alter patterns for such figure combinations as a short midriff which requires the pattern to be shortened but has a rounded back which requires the pattern to be lengthened. We often find opposing figure variations such as this. We will learn how to do large bust, prominent, bust, prominent abdomen alterations and more. Our goal is to learn how to make changes that will give us a fit that is correct and comfortable.

\$20 kit fee. 3 ring binder, page protectors, instruction sheets, practice patterns and alteration backing papers.

Student Supplies. 10"×12" piece of ¼" thick cardboard or foam board, small paper scissors, invisible or removable Scotch™ tape, straight pins or appliqué pins, small clear ruler (6"–12"), pencil.

Beginner. No prior knowledge or skills required.

4011 Intro to Thread Painting

Gene Looman

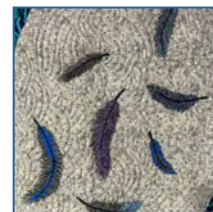

WED, 2/26, 8:00 AM - 12:00 PM (\$92)
BERNINA - BEGINNER

Take a leap with me! Make the leap into free motion thread painting! No free motion experience needed. This actually is a great way to learn free motion as stitch length does not count when doing this technique. Actually, inconsistent stitch length is better because it looks more natural. In this class, you will learn basic machine set up for any free motion technique, learn a bit about which needles and threads to use for the basics of thread painting, the how and why of color layering, and how stitch angle impacts the design. This is a great way to jump into the world of thread painting and free motion work in general. I will be there to assist you on your journey deeper into creativity.

\$45 kit fee. Fat quarter of main fabric, batting and muslin backing fabric, an embroidery hoop and 6 spools of Magnifico thread.

\$40 kit fee. 1) Westalee Mini Multi Arc template (Low shank provided unless student requests otherwise. Low shank will fit low and high shank machines but not longarm machines.); 2) 2 - FQ Quilt Sandwiches in a dark solid color, premarked for class; 3) 1 - 10" quilt sandwich square for machine setup; 4) 1 - Color Design Handout (8 pages); Kits fee also covers the cost of loaner tools and templates including the Westalee spacing gauge, Pounce iron-off chalk, the stencil grids, loaner quilting templates, and the freemotion gliders which will be turned in after class.; Please email the instructor to request a different style of quilting templates such as high shank (4.5mm) or a longarm, ¼-inch-thick template. All requests for specialty items should be received no later than 3 weeks before class to ensure availability. Instructor email is Kate@fabrikatedquilts.com.

Student Supplies. Thread snips, quilt safe marking tools (such as chalk marker that will show up on your fabric. The instructor will provide some Clover Chaco liners for use in class, but it is nice to have your own marking tools.) A quilting ruler for marking (3"×12" and 8" square or equivalent. These will just be used to mark lines, so no specific size, but 6"-8" is a useful size.) A seat cushion is also really helpful as the chairs are often too low to sew comfortably. Please bring this if you can. Basic Sewing Supplies (see below)

Beginner. No prior knowledge or skills required.

If your class calls for **Basic Sewing Supplies**, you should be prepared with the following items:

- fabric & paper scissors
- sewing needles

5004 Rulerwork Market Tote

Kate Quinn

WED, 2/26, 8:00 AM - 3:30 PM (\$183)
JANOME

Join Kate Quinn to learn the basics of rulerwork while creating this functional market tote. The class covers rulerwork basic skills along with some bag making fundamentals like linings and box corners. Early in the session, play with the Janome Accurate Stitch regulator to make rulerwork quilting stitches look beautiful and smooth. Key lesson objectives include learning how to set up your sewing machines for rulerwork, how to measure and mark for great designs, how to hold the templates for best effect, and how to mix designs to fit a space. After completing some fun rulerwork designs, we will use some fun decorative stitches to strengthen the bag sidewalls and bottom. Then we will complete the bag using the Janome Accuflex dual feed feature. This is a great class to learn a mixture of different techniques useful for many quilting and sewing projects plus you get to go home with a fun tote bag. (This class will include the contrast band but not the freemotion component of the bag due to time constraints.)

Free Swivel Our Seams: Pattern Alteration SOS

Lorraine Henry

THU, 2/27, 4:00 - 4:45 PM (\$0)

FREE STAGE

Tired of slashing your pattern into puzzle pieces and trying to put it back together to "kind-of fit"? Have you ever wanted to just pull out your seam allowances and magically fit your figure? It is almost that easy with the seam method of pattern alteration! Have an "Ah-HA" visual experience as you watch how seams can swivel to enlarge for the bust, widen (or narrow) for the back, shorten or lengthen wherever needed, and work in combinations without causing any distortion in the pattern. Come and learn how to create hinges and swivel your seams to meet the needs of YOUR personal shape. Bring small scissors and scotch tape!

Free Grid Magic for Easy Fit

Lorraine Henry

SUN, 3/2, 11:00 - 11:45 AM (\$0)

FREE STAGE

Unlock some of the mysteries of fit by using a grid such as that cardboard cutting board that may have been hiding in your closet! Never have an uneven hemline again! Learn how to use this useful tool to help in altering skirts, pants, and tops. Gain an understanding of how working from the floor up in both taking measurements and doing alterations can show up some "hither-to" hidden figure variations that may have been the cause of many of our "fitting fits." Puzzlement turns to clarity as the secret of the grid and floor are revealed. This technique even helps in finding the amount of droop in the dropped buttocks syndrome. An ah-ha moment indeed in this fun and fact filled class!

Free Don't Be Afraid to Sew with Laminated Cotton

Tracy Krauter

THU, 2/27, 3:00 - 3:45 PM (\$0)

FRI, 2/28, 4:00 - 4:45 PM (\$0)

FREE STAGE

Get ready to be introduced to your new favorite fabric! Our soft laminated cotton has the weight and drape of plain cotton, almost like magic! It's also waterproof on the front with soft cotton on the back, food safe, non toxic, machine washable and ironable.

And it's sew easy to sew with! People fall in love at first touch. Many gasp because they think it'll be hard like the old oilcloth. It's not. It's laminated with a soft matte biodegradable finish to ensure it can stand up to years of wear and tear. It's sophisticated, feels like plain fabric, and is built to last.

Come touch and feel it for yourself. I'll show and tell you all the tips & tricks to sew with it.

Free Waxed Canvas: Rugged, Water-Resistant, and Versatile

Ellie Lum

THU, 2/27, 12:00 - 12:45 PM (\$0)

FREE STAGE

Ellie Lum will give us you the lowdown on this old school classic fabric that has made a huge comeback in recent years. This versatile, water resistant fabric has a unique blend of style, functionality, and durability that makes it a favorite for bag making. The waxy finish helps it stay put at the machine, making it a dream to sew with—not to mention that it develops a beautiful weathered patina over time.

Free Make High-Quality Bags at Home with Canvas, Leather & Rivets

Ellie Lum

FRI, 2/28, 3:00 - 3:45 PM (\$0)

FREE STAGE

Learn how to make your own professional-quality bags, on a home sewing machine. Bag making is different from other types of sewing, like quilting and garments, in that we sew with heavy-duty fabric (waxed canvas is our favorite!) and work with leather and hardware, which requires learning how to use a few specialty tools. With some basic sewing skills and a sense of adventure, it's totally possible to create durable, professional-quality bags at home, without industrial equipment.

Ellie will talk about waxed canvas, the best leather for straps, and two types of rivets, double-cap and tubular, as well as setting tools, best practices, removing rivets, how to pair leather thickness with rivet size, and more.

If your class calls for **Basic Sewing Supplies**, you should be prepared with the following items:

- fabric & paper scissors
- sewing needles
- seam ripper
- thread
- pins/clips
- seam gauge
- ruler/measuring tape
- pencil & notepad

Provided by Sew Expo:

- rotary cutter & mat
- ironing station

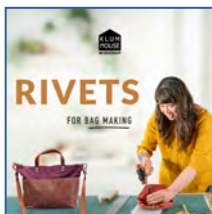

* indicates a hands-on project class.

Free Using Rivets in Bag Making

Ellie Lum

SUN, 3/2, 1:00 - 1:45 PM (\$0)
FREE STAGE

Ever found yourself in a battle with crooked rivets, or wondering why your leather straps aren't as secure as you'd like? It's like sewing the most visible topstitch on your bag, only to realize your bobbin ran out halfway through and your seam is held together by hopes and dreams. This lecture is packed with pro tips on setting rivets, from choosing the right size and type to setting the strongest rivet.
